

Decor

Bring the outdoors in with loose floral arrangements in pinks, yellow and blue. Raid the garden for seed pods, papyrus stems and textured plants that add form to your decor. Natural woven rattan baskets, sun-bleached kilims and wood furnishings enhance this organic aesthetic.

Decor

Shabby-chic beach decor has had its day. The new nautical look is clean, minimalist and unfussy, with an emphasis on strong, natural forms and interesting textures. Deep shades of indigo contrast with sandy whites to create a striking backdrop for a sumptuous wedding feast.
